

CableRail Participates In ABC's Extreme Makeover Show

Feeney was proud to be a participant in the *Extreme Makeover: Home Edition* project benefitting the Graham family in Augusta, GA. In this episode the E.M. team helps to build a home for a single mother of two who divides her packed schedule between family, work, college, and volunteering for Girl Scouts. For the project Feeney donated 3/16" Standard Cable Assemblies that were used for infill on the interior metal framed railings, fabricated and installed by [Ornamental Iron & Fabricators](#) of Augusta. The modern stair and railing design compliments the contemporary style of the large common room which encompasses the Graham's living, dining, and kitchen areas.

Extreme Makeover: Home Edition is an Emmy Award-Winning ABC television show produced by Endemol USA, a division of Endemol Holding. The Graham family project is episode #15, and it aired on January 23rd, 2011.
